

COMMERCIAL PRESENTATION

Manufacture & Design 100% Made in Spain

Since 1880

The Company

SolerBags Company, is a family company founded in 1880. It is currently run by the fourth generation of this family company with the brother **JAIME and María-José SOLER ARBONA**, dedicated to the manufacture, design and export of handbags and accessories.

This company has clearly opted to continue manufacturing at its facilities in **Gata de Gorgos(Alicante) SPAIN** with competitive prices and always linked to innovation + development of new materials and designs, making these 2 pillars their strengths to compete in both domestic and international markets. Being a clear and successful comercial enterprise.

The Company

All items manufactured by the company "**SolerBags**" are designed and manufactured with a combination of good taste, quality, resistance, know-how, technology and environmental responsibility by the company with the IT system.

The manufacture and design is 100% **MADE IN SPAIN**, and supports the following values as a philosophy mother of the company:

Use of raw materials free of toxic substances.

Respect for the environment.

Respect for human rights.

Why choose us?

The Global Compact is a practical framework to develop, implement and disseminate policies and practices of business sustainability, offering its signatories to a wide range of resources and management tools to help them implement business models and sustainable development.

Our company has **the Certification Made in Green**, green seal created by AITEX, the certificate that the textile products that we use in our designs are environmentally friendly and socially responsible.

The Document of Artisan Rating (A.D.A.) is a document that grants the Public Administration, in which the certifying that the products manufactured are artisanal in nature and respects its chain of added value in the manufacturing process within the territory of the Valencian Community.

International tenders in Europe

National Military Tenders in Spain

Fashion, Leather, Canvas and Baskets

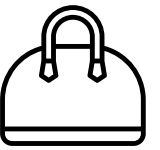

MARIA SOLER, MADE IN SPAIN is the sustainable development of luxury handbags, at the same time is the designer co-owner of the company together with his brother Jaime.

Influenced by the surrounding nature and its relationship with the handicrafts of the family workshop, she acquired a great knowledge and experience, decides to take on the challenge of following a family tradition.

Being faithful to the principles of design, excellence and commitment is born the brand Maria Soler, with the aim of creating bags that generate experiences and sensations in the people who use them.

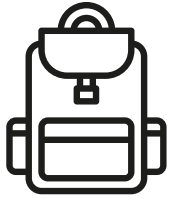

Colleges and Universities

School collections of bags for private colleges and universities who are looking for quality in your articles and corporate responsibility.

In this sector we work with the client, designing and adapting to the colorful collections, logo, etc.. on the needs of the school.

Laude Bags Collection

Soler Bags
Company
